So, there is usually a really good reason for Tow away no stopping anytime to be posted.

Turns out there was in this case. There was construction in 2014-2015.

However the contractor was supposed to remove these signs when the construction ended.

Needless to say someone screwed up there.

I'm going to write up a work order to remove these signs and put back up the signs that were there in 2014 before construction. street cleaning and 2 hour parking 10 pm to 6 am.

Dear Chris:

Thanks so much for coming to our Annual Stakeholders' event last Thursday - I hope you had a good time. Anycase, back to down business: I just recently noticed signage on the north side of Romaine stating No Parking Anytime between Seward and Las Palmas. Below is a photo of what I am speaking about.

As you can see, there is plenty of room to allow for parking on the north side of this street. Can we removed the “NO PARKING ANYTIME” signage? As you might be aware this area is particularly underserved when it comes to parking and Hollywood Center Studios is one of the largest, oldest, independent studios still in operation in Los Angeles. Let me know what we can do.

Thank you
